NATURAL GAS GENERATOR SET · WEICHAI POWERED

# DAF-NG-WC-125

DAF POWER natural gas generator set rated 100 kW / 125 kVA, powered by the Weichai WP6D132E300NG (50 Hz) / WP6D132E301NG (60 Hz) gas engine. Clean-burning natural gas for distributed energy, cogeneration and continuous industrial power.

| RATED OUTPUT | RATED POWER | RATING | FREQUENCY |
|---|---|---|---|
| 125 kVA | 100 kW | PRP | 50 / 60 Hz |

## TECHNICAL SPECIFICATIONS

| | |
|---|---|
| Model No. | DAF-NG-WC-125 |
| Fuel type | Natural Gas |
| Frequency | 50 / 60 Hz |
| Rated power | 100 kW / 125 kVA |
| Rating | PRP per ISO 8528-1 |
| Engine brand | Weichai |
| Engine model | WP6D132E300NG (50 Hz) / WP6D132E301NG (60 Hz) |
| Cylinders | 6L |

PRP = Prime Rated Power, COP = Continuous Operating Power, per ISO 8528-1. Engine model may vary between 50 Hz and 60 Hz configurations as shown. Final technical data are subject to the model technical drawing — please request the current version before ordering.

## KEY FEATURES

- Lean-burn gas engine for low emissions and fuel economy
- Power range 38–2300 kVA covering prime and continuous duty
- PRP / COP ratings per ISO 8528-1
- 50 / 60 Hz configurations available
- OEM / ODM configuration available
- Global service and spare parts support

## TYPICAL APPLICATIONS

- Distributed energy and CHP plants
- Data centers and industrial parks
- Oilfield associated gas utilization
- Commercial and municipal power
- Grid-support and peaking stations

## WHY DAF POWER

- Generator set manufacturer since 2009
- ISO 9001 certified production
- 100% load-tested before shipment
- OEM / ODM configuration available
- Export support to 100+ countries
