S SERIES · SILENT DIESEL GENERATOR

# DAF-S-28-60

DAF POWER S Series silent diesel generator set, prime rated 20 kW / 25 kVA, powered by DAF POWER DSR-4K9 engine. Engineered for standby and prime power in construction, mining, commercial and rental applications.

| PRP OUTPUT | ESP OUTPUT | VOLTAGE | WEIGHT |
|---|---|---|---|
| 20 kW | 22 kW | 380~220 V | 640 kg |

## TECHNICAL SPECIFICATIONS

| | |
|---|---|
| Model No. | DAF-S-28-60 |
| Phase | 3-Phase |
| Prime power (PRP) | 20 kW / 25 kVA |
| Standby power (ESP) | 22 kW / 27.5 kVA |
| Rated voltage | 380~220 V |
| Engine brand | DAF POWER |
| Engine model | DSR-4K9 |
| Governor | Mechanical |
| Alternator brand | DAF POWER |
| Alternator model | DSR-20-3 |
| Control module | DEEPSEA DSE6125 |
| Bore × Stroke | 90×100 mm |
| Displacement | 2.544 L |
| Compression ratio | 18:1 |
| Engine power | 27 kW |
| Fuel consumption | 6.4 L/h |
| Fuel tank | 50 L |
| Weight | 640 kg |
| Dimensions (L×W×H) | 1750×740×860 mm |

PRP = Prime Rated Power, ESP = Emergency Standby Power, per ISO 8528-1 (power factor 1.0). Dimensions, weight and fuel tank capacity are typical values for the standard configuration — final figures are available in the model technical drawing; please request the current version before ordering.

## KEY FEATURES

- Silent canopy design for low-noise operation
- Reliable diesel engine with mechanical or ECU governor
- Brushless alternator with AVR voltage regulation
- Digital control module with full protection
- Base fuel tank for extended running time
- Easy maintenance access and lifting points

## TYPICAL APPLICATIONS

- Construction and commercial backup power
- Mining, quarrying and remote sites
- Telecom, data center and rental fleets
- Agriculture and residential standby
- Events and emergency response

## WHY DAF POWER

- Generator set manufacturer since 2009
- ISO 9001 certified production
- 100% load-tested before shipment
- OEM / ODM configuration available
- Export support to 100+ countries
